

Manufactured by:

Project of the year is **Sugar Wharf Condominium** located at 55 Lakeshore Blvd. E., Toronto. The 2-year project was awarded to Menkes Developments. The primary concern for the City and Developers are Public safety, Clean Environment, Road Traffic, and Site Access Control.

For over 33 years, **The Fence People Limited** are solution providers for job-site safety in the GTA. They supply a product that is aesthetically designed, unique, and strong. Their services are crucial while following every stage of the project that undergo major construction setbacks.

More than a fence, **Plywood Hoarding** is the fundamental product that simplifies the add on of **Covered Walkway, Office Trailer Support, and Overhead Gate Protection**. The complete product assembly is scaled from the ground up, offering ease on installation and security while occupying minimal amount of site grounds. How is this possible? **They are designed simply for that purpose!**

Diverse than most fence products The Fence People scope of work is semi-permanent, but the product is tried and tested daily from on-site abuse over the duration of the project.
